

A top-down view of a square microchip. It features four circular pads arranged in a 2x2 grid, labeled 1 (bottom-left), 2 (top-right), 3 (bottom-right), and 4 (top-left). A central circular pad is labeled R. The chip has a square body with rounded corners and a central square area containing the pads.

注意：C6351-HX2两侧挂扣不穿透！
